Subject RJ Corman Rail Company in Central PA

Dear Ms. Rustin,

As an environmentally conscious central Pennsylvanian, I was shocked and dismayed to learn of the RJ Corman Railway Company's plan to construct a landfill-serving rail line between Centre and Clearfield counties. RJC has been denied this proposal in the past due to deficient environmental planning. In addition, no formal application for their proposed biofuels plant has been submitted. Please make certain that a full investigation is undertaken to expose the damage these plans will cause to my already environmentally damaged state.

Respectfully,

Dominic Minichiello
